October 2008
Course Registration Cycle

Pre-Registration (student chooses courses to be taken next semester) → Final Examination Begins → Lecture Schedule being prepared using ICReSS based on Pre-registration data

Final Examination Results are announced

Add / Drop (student updates course registration, if necessary) → Lecture Begins → Course Registration (student chooses appropriate groups,)

Generation of bills for student fees (for PLK, ePJJ and SML) → Validation of Course registration (student checks and validates)

Student prints Examination Registration Slip → Generation of Examination Timetable based on course registration data

Final Examination Begins → ... and the cycle repeats
